Karawang, Indonesia

Bachelor's graduate in Informatics with hands-on experience in web development through real-world projects and corporate apprenticeship. Skilled in **Frontend Development (React.js, TypeScript)** with strong knowledge of **RESTful API integration and responsive design**. Experienced in building **reusable UI components and handling asynchronous data** for user-centered interfaces. Detail-oriented and adaptable with strong interest in becoming a Frontend Engineer focused on scalable and maintainable applications.

## EDUCATION

Universitas Singaperbangsa Karawang – Karawang, Indonesia

Sep 2022 - Jan 2026

Bachelor of Informatics | GPA: 3.92 / 4.00

Final Project : Design and Implementation of a MERN Stack–Based E-Commerce System Using the Prototype Method  
(Case Study: Warung Alzhim)

## SKILLS

**Technical Skills:** JavaScript (ES6+), TypeScript, React.js (Functional Components, Hooks, Component-Based Architecture), HTML5, CSS3, Responsive Web Design, RESTful APIs, Node.js, Express.js, MongoDB, MySQL, Git, GitHub, Figma, Vite/Webpack.

**Professional Skills:** Team Collaboration, Technical Communication, Problem Solving, Time Management, Adaptability, Task Prioritization

## WORK EXPERIENCE

PT Sharp Electronics Indonesia - Karawang, Indonesia

Aug 2025 - Dec 2025

Web Developer (Apprenticeship)

- Built **10+ reusable UI components/forms** and integrated **RESTful APIs** with validation and async data handling
- Supported **5+ business workflows** covering data input, processing, and updates with **responsive UI across devices**.
- Produced **documentation for 15+ processes** and tracked **16 project milestones** for structured development delivery.

Coding Camp powered by DBS Foundation - Jakarta, Indonesia

Feb 2025 - Jul 2025

Front-end & Back-end Developer Cohort

- Completed **9 intensive learning modules over 5 months** focused on modern JavaScript-based web development.
- Built **9+ web-based applications** using React.js, including responsive layouts and RESTful API integration
- Collaborated on **1 capstone project** using Git-based version control in a team development environment

Vocasia – Jakarta, Indonesia

Sep 2024 - Dec 2024

Independent Study (MSIB) — Fullstack Web Development

- Participated in a **16-week MERN Stack program**, gaining experience in **full-stack development and team collaboration**.
- Built an **e-commerce web app with 10+ features**, implementing **React.js, MVC architecture, and JWT authentication** in a 4-person team.

## PROJECT

Region Filter Web App (React + TypeScript)

- Developed a region filtering web using **React/TypeScript**, React Router with **3-level dependent dropdown** (province, regency, district).
- Implemented data fetching using asynchronous handling and ensured state persistence across browser refresh.
- Built a **responsive UI with Tailwind CSS** featuring **3 filters, breadcrumb navigation, main display, reset functionality**.

## ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Informatika Unsika (HIMTIKA) - Universitas Singaperbangsa Karawang

Dec 2022 - Dec 2023

Multimedia Department, Information & Communication Division

- Produced **30+ digital contents and 5+ graphic assets** to support **organizational communication and event promotion**.

Share IT 2023 — Organizing Committee – HIMTIKA Universitas Singaperbangsa Karawang

Mar 2023 - Jul 2023

Secretary

- Handled **meeting documentation** and tracked tasks for **20+ committee members**.

## TRAINING & CERTIFICATIONS

- Front-End & Back-End Developer Cohort — Coding Camp by DBS Foundation, 2025
- Web Developer Certification — BNSP (Issued by LSP Ditekindo), 2025
- Full-Stack Web Developer — Vocasia (MSIB), 2024
